Date: April 24, 2007
From: Kyohei Akagi
President
Japan Bowling Congress

Dear Sir/Madame,

It's my pleasure and honor to invite all member federation of Asian Bowling Federation to 9th Asian Senior Bowling Championships to be held November 7-15, 2007 in Circuit Bowl, Suzuka (Mie), Japan.

This championship is an official championship of Asian Seniors Bowling Council and is sanctioned by Asian Bowling Federation.

Recently, the number of senior bowlers is increasing in Asia and their bowling abilities are very high because many of them used be top bowlers in their respective counties/regions. In fact, in previous one in Chinese Taipei, where over 200 bowlers participated, their achievements were very good and there was even a perfect game.

This time, we were honored to host 9th one and expect to have more participants and more competitive games. The Council introduced a new bracket to both men and women's divisions for bowlers over 60 years old. This will make the championship more exciting.

As attractions, we are planning a half-day tour of Honda factory and an excursion to Japanese traditional city, Kyoto (option). Maybe many of you know, Honda is a world famous automobile and motorcycle company and Suzuka Circuit is Honda related circuit. You won't be bored before or after bowling because there are an amusement park and a racing circuit nearby, and the hotel has a spa inside (don't forget to have a swim suits).

Please send your excellent bowlers to this championships and I'm looking forward to seeing you in Suzuka.

With best regards,

Kyohei Akagi
President
Japan Bowling Congress
